373 Varieties

The starred varieties are included in our standard assortments. All others will be furnished upon request on the usual consignment basis, in envelopes many of which do not have pictures of the individual flowers. The retail price of the packets is 10c unless otherwise noted.

Mandeville Flower Seeds are Triple Tested for (1) Germination (2) Quality of Flowers and (3) Completeness of Mixtures. We feel that our policy of rigid testing has been an important factor in the growth of our business during the last 58 years. Mandeville Triple Tested Flower Seeds may be confidently recommended to most particular flower gardeners.

You Cannot Judge the Blossoms by Looking at the Seeds. Plant Mandeville Triple Tested Flower Seeds and Be Sure.

Key To Symbols

- * Included in regular assortments.
- Varieties are annuals unless they are marked (†) for perennials or (t) for biennials.
- A—Usually grown for attractive displays in the garden.
- B—Excellent for borders.
- C—How these can climb!
- H—High along a fence.
- M—For brilliant displays of mass coloring.
- O—Ornamental plants.
- R—Splendid for Rock Gardens.
- S—For semi-shady places.
- V—Vases and bowls were made for these.
- W—Especially suitable for window and porch boxes.
